

Wildlife Assessment of Proposed Turbine Sites Red River Forests, LLC. - Harvey Tract

Assumptions:

- (1) 25 proposed turbine site locations
- (2) Option 1 : Project site includes all wildlife within 1 mile of each turbine site
Option 2: Project site includes all wildlife within between 1 and 2 miles of each turbine site
(2 miles based on project site of Hatchet Ridge Draft EIR, and US Fish and Wildlife Service distance for required raptor consultations)
Option 3: Larger scoping area likely necessary for migratory bird permits (not completed)
- (3) All species documented on CNDDDB and WBA wildlife database included in assessment.
- (4) Does not include species documentation from USFS, BLM or other federal sources.
Does not include location or assessment of known mines, mine shafts or caves.

Common Name	Species Status	Option 1 (n=occurrence)	Option 2 (n=occurrence)
American badger	SSC-WL	1	0
Bald eagle	SE	0	0
California spotted owl	SSC	0	0
Fisher	SC, FC	N ²	N ²
Fringed myotis	SSC	0	2
Golden eagle	BOF	0	0
Gray wolf	SE	1	1
Great gray owl	SE	0	0
Greater sandhill crane	ST	2	3

Hoary bat	SSC-WL	0	1
Long-eared myotis	SSC	0	0
Long-legged myotis	SSC	1	1
Northern goshawk	BOF	0	6
Northern harrier	SSC	1	0
Osprey	BOF	0	2
Palid bat	SSC	0	1
Sierra Nevada red fox	ST	N ¹	N ¹
Swainson's hawk	ST	0	0
Townsend's big-eared bat	SSC, SC	0	0
Western red bat	SSC	0	0
Willow flycatcher	SE	1	0
Yuma myotis	None	0	0
<i>Native Plants</i>			
Hillside arnica	CNPS 2.2	2	4
Howell's thelypodium	CNPS 1B.2	0	1
Woolly stenotus	CNPS 2.2	1	7

N¹ = species once historically occurred, recent assessments indicate likely absent from area.

N² = outside of historic and current known range of species

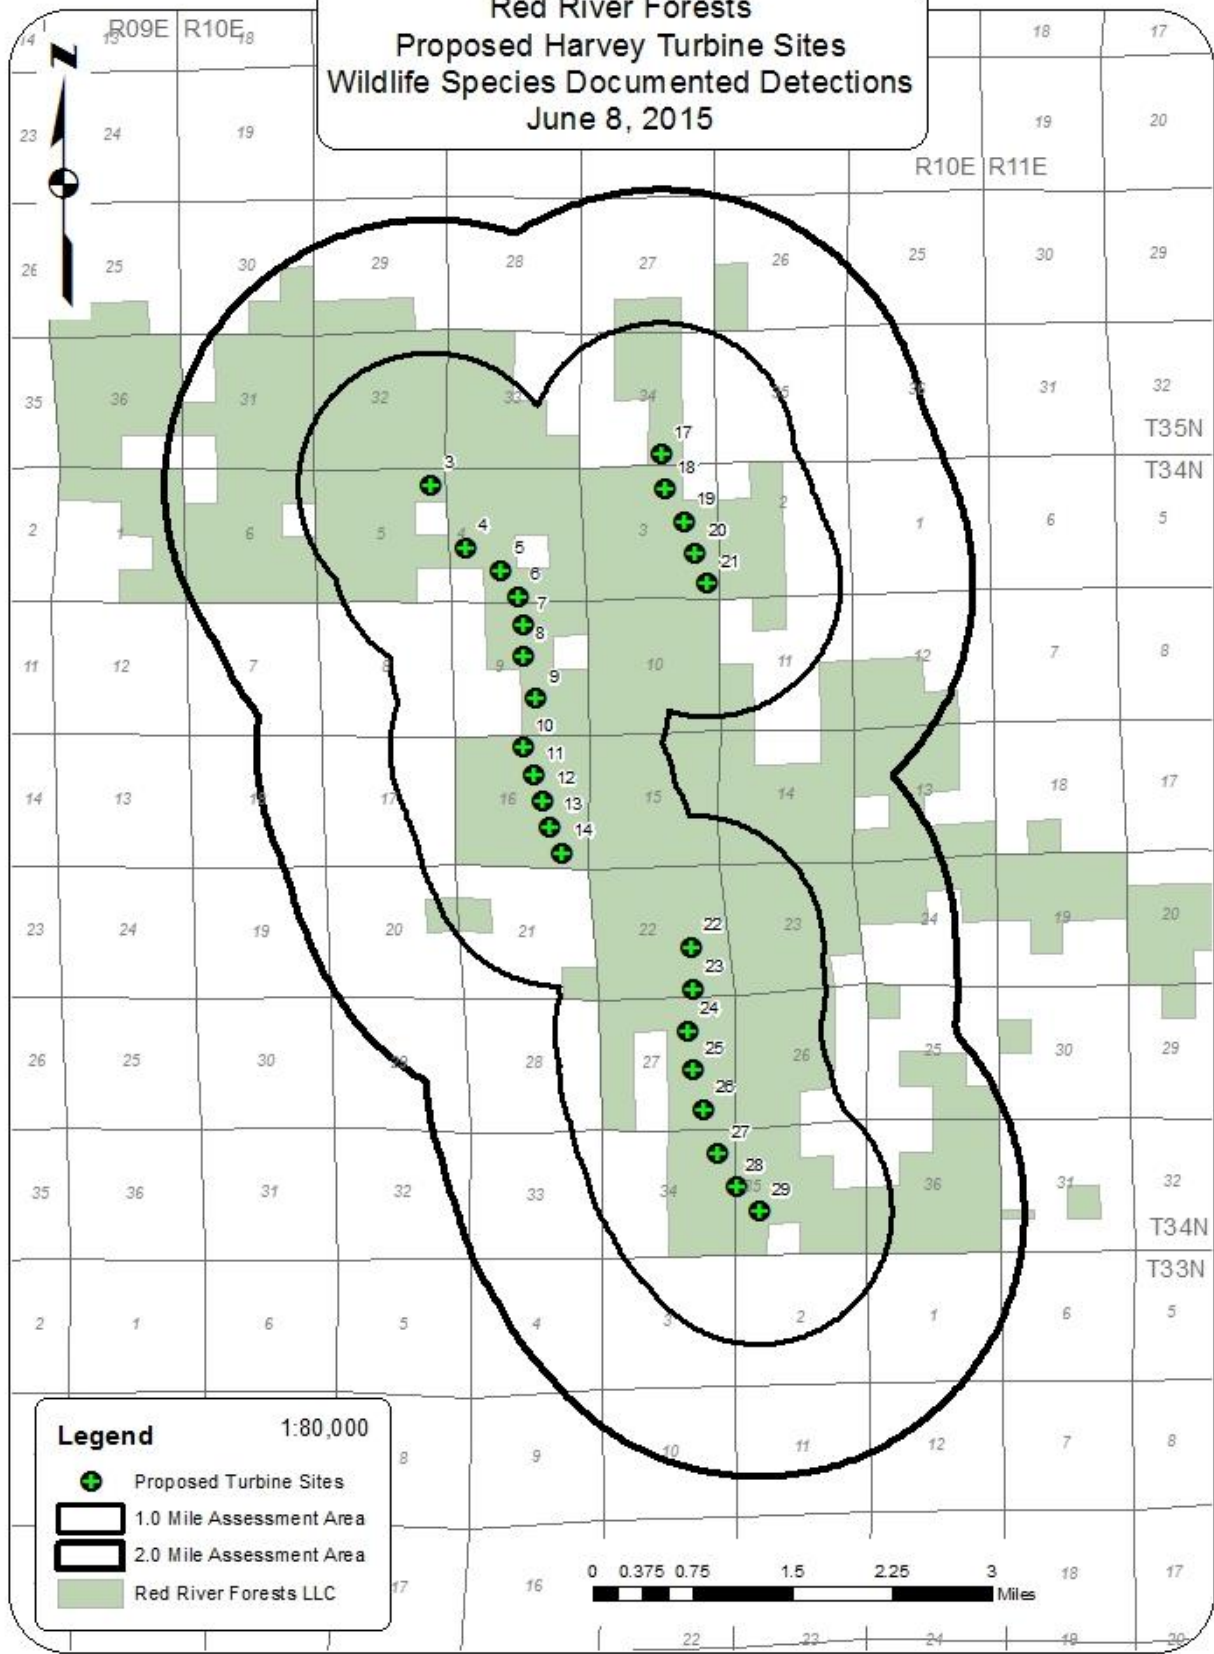

FC = Federal Candidate, FE = Federal Endangered, FT = Federal Threatened,

SC = State Candidate, SE = State Endangered, ST = State Threatened, FP = State Fully Protected

BOF = Board of Forestry Sensitive, SSC = CDFW Species of Special Concern, WL = Watch List

FGC = California Fish and Game Code
